

Dear Colleague,

Your CSP Management Team is aware of the economic challenges and uncertainty that many of our members are experiencing. The 2012 Annual Meeting has been designed with that in mind. We have reduced the registration and housing costs while keeping the caliber of the program as exciting and scientific as you have come to expect.

The meeting will be held in the Embassy Suites Riverfront Promenade in Sacramento. It is located on the banks of the Sacramento River and next to historic Old Town with its renowned restaurants and fun shops. Our keynote speaker will be Dr. Paul Weigl, a prosthodontist and clinical professor from the University of Frankfurt. He will discuss current research on preservation of the peri-implant tissue with immediate implant placement and restoration. You won't want to miss this cutting edge presentation.

The program on Sunday offers two choices - Dr. Ken Reed is returning by popular demand to present a review and update on sedation and medical emergencies. Also offered is an exciting new course by oral radiologist, Dr. David Hatcher in conjunction with well-known defense attorney, Art Curley. They will discuss the anatomical information that can be obtained and the potential for increased predictability as well as legal trends and the standard of care. Your staff and restorative colleagues are welcome to attend any of the courses.

There will be a welcome reception in the hotel lobby on Friday evening and then you are free to enjoy a River Cats game or dine at one of Sacramento's famous restaurants. I hope you will also join us on Saturday evening at the Railroad Museum just a few blocks from the hotel. We will be able to explore the train cars while enjoying a delicious dinner catered by Fat's - a local family that includes several dentists and whose restaurants are known for their fabulous honey walnut prawns and famous banana cream pie. I hope to see you for this terrific program in the "City of Trees".

CSP President-Elect
Debra S Finney, MS, DDS
